Sir,

Sub: Education - Fisheries High School at Bekal in South Kanara District - Opening of Form V and the appointment of Additional staff - Part II Scheme for 1955-56- Proposals -.

...

Government in their order No.1712 Agriculture department dated 21-5-1954 were pleased to accept my proposal for the conversion of the Fisheries Middle School at Bekal into a High School and sanctioned the opening of Form IV in June,1954. Government accorded sanction to the employment of one B.T.Assistant and one Lower Division Clerk for a period of one year from the date of appointment for the purpose.

2. The school was raised into a High School in June,1954 and Form IV was opened. The present strength of the school is given below:-

Form I	38
Form II	27
Form III-A	23
Form III-B	27
Form IV.	40

3. The strength in Form IV is very encouraging and it is necessary to open Form V in 1955-56 in order that students passing out from Form IV can continue their studies in the next higher form.

4. When form V is opened the following staff will be required:

1) One B.T. or L.T. 1st Grade Headmaster on Rs.165-5-205-10-245 p.m.
2) One Drawing Master on Rs.45-3-60-2-90.

One 1st Grade Headmaster is quite essential for the efficient administration of the school. A suitable candidate for appointment as Physical Training Instructor cum drawing master is not available. Only candidates with qualifications thereof a drawing master or of a physical training Instructor alone are available. Hence it is necessary to appoint a separate Drawing Master.

The present staff of the school is as follows:-

1. One B.T. Head Master.
2. One B.T. Assistant.
3. One Hindi Pandit.
4. One Malayalam Pandit.
5. Four Secondary Grade Teachers.
6. One Physical Training Instructor cum Drawing Master.
7. One Lower Division Clerk.
8. One Peon.

The High School Committee has already agreed to construct a building and hand over the same to this department to house the school. The question of acquisition of land is pending with the Land Acquisition Officer. When the final award is passed the School Committee will be requested to take up the construct[illegible].

The financial implications of the scheme are

1 The file deals with the proposal of the D.I.EC for the opening of form V and appointment of additional staff in the Fisheries High School at Bekal in S. Kanara Dt during 1955-56. The D.I.EC has requested to consider the proposal as a Part II Scheme for 1955-56.

2. The School was converted into a High School by opening of form IV as per sanction accorded in GO 1712 Agri Dt 21.5.54. Sanction was also accorded to the employment of one B.T. asst and one lower division clerk for a period of one year for the purpose. The present strength of the School is given at A in P 1 of. The D.I.EC has stated that the strength in form IV is very encouraging and it is necessary to open form V in 1955-56 in order that the students passing out from form IV can continue their studies in the next higher form. He has stated that when form V is opened one B.T. asst (I grade) and one Drawing Master will have to be appointed in the School. He has stated that one I grade B.T. asst is considered essential for the efficient administration of the School and as a suitable candidate for appointment as Physical Training Instructor-cum-Drawing Master is not available, it is necessary to appoint a separate Drawing Master. The present staff of the School is as follows:-

P 1.35

P 1.0

1 one B.T. Asst (Headmaster)
2 one B.T. Asst.
3 one Hindi Pandit
4 one Malayalam Pandit
5 four Secondary grade teachers
6 one Physical Training Instructor
7 One L.D.C.
8 one Peon.

3. The DEC has stated that the Bekal High School Committee has already agreed to construct and hand over to the Dept a building to house the School, the question of acquisition of land is pending with the Land Acquisition officer and when the final award is passed the High School committee will be requested to take up the construction work. He has stated that by the opening of form V a non-recurring expenditure of Rs 1600/ will have to be incurred towards the purchase of furniture, Books and Scientific equipments. The DEC expects a sum of Rs 1,680/ as receipts from the Collection of fees from students of form V in 1955-56.

4. The proposal of the DEC involves.

i) the opening of form V in the Honavis High School at Bekal in June 1955.

ii) the employment of one B.T. Asst (I grade) on Rs 165/pm and one Drawing Master on Rs 45/pm for a period of one year from the date of appointment

iii) the incurring of a non-recurring expenditure of Rs 1600/ towards furniture, Books etc

iv) the conversion of the post of II grade Headmaster sanctioned to the School as a B.T. Asst Post.

v) the conversion of the post of Physical Training Instructor

OTP

Cum-Drawing Master as a Physical Training Instructor.

5. The proposal of the DI&C in (i) and (iii) and 2 above may be accepted. Regarding the appointment of a B.T. Asst (I grade), it is submitted that when form V was opened in the Fisheries High School at Malpe in S. Kanara Dt, in June 1953, a B.T. Asst (II Grade) was only sanctioned to the School. On the analogy of the Malpe School it seems that a B.T. Asst (II grade) will be sufficient for the Bekal (also) School Forms. As the DI&C has reported that a suitable candidate for appointment as Physical Training Instructor-Cum-Drawing Master is not available, his proposal for the appointment of a separate Drawing Master and to convert the existing post of Physical Training Instructor-Cum-Drawing Master as a Physical Training Instructor may be accepted. In view of the proposal to sanction only a B.T. Asst (II grade) in the School, his proposal at (iii) and 2 above need not be accepted. Forms.

6. The proposal of the DI&C as modified above may be accepted and treated as a Part II Scheme for 1953-54. Forms.
